LOCATIONS IN QUARANTINE

LATEST MEASURES

- Chile begins clinical study of vaccine against Covid-19. This after the Government determined to support the clinical trial led by the Universidad Católica and Sinovac, through the state contribution of \$ 2.6 billion.
- The Minister of Health, Enrique Paris, announced that according to the analysis of the COVID-19 Crisis Committee, it was determined to indicate a sanitary cord for the city of Talcahuano as of Tuesday, August 4.
- The undersecretary of Public Health, Paula Daza, and the undersecretary of Healthcare Networks, Arturo Zúñiga, emphasized the call to the community to maintain self-care, with the correct use of the mask over the mouth and nose, frequent hand washing and physical distance. They also noted that on July 31, 24.398 PCR tests were performed, while their positivity at country level fell to 9%.
- The Ministry of Health reported today that the town of Tarapacá in the region of the same name, in the extreme north of the country, will have a sanitary cord on the occasion of the religious festival of San Lorenzo, and that the commune of María Pinto, in the Region Metropolitan, returns to the Transition stage.
- Health authorities spearheaded the delivery of 7.200 personal hygiene kits that
 will be distributed to patients in 10 hospitals in the Metropolitan Region. The
 initiative, organized by the National Federation of Nurses Associations of Chile,
 Desafío Levantemos Chile and the CPC, will be replicated at the country level and
 also includes the delivery of products for skin care of health workers' hands.

NOVARTIS:

Compromiso con la salud y el bienestar de las personas

El laboratorio continúa operando bajo protocolos adaptados al covid-19 para garantizar el suministro de medicamentos a pacientes con tratamientos y a las instituciones de salud en todo el mundo.

La pandemia de covid-19 plantea un reto histórico para la salud global que exige estluerzos extraordinarios a los países, acis sistematos entraordinarios a los países, acis cacres. Novartis, compaña de innovación Emarcedutica de origen suizo, no ha estado al margen de este desafío.

En Chile, Novartis ha donado cera de 170 millones de pesos al Hogar de Cristo y a Fundación Las Rosas, Ambas instituciones destinarión los recursos para estados mendidos necesarios para tratar a la población de riesgo que forma parte de sus programas sociales.

"Este aporte no significa solo una donación, sino que, además, se trata de un gesto de compromiso y que nos permite generar alarizas para la compromiso y que nos permite generar alarizas para la compromiso y que nos permite generar alarizas para la compromiso y que nos permite generar alarizas para la compromiso y que nos permite generar alarizas para la construir.

director social nacional de la institución, respecto del institución, respecto del Hogar de Cristo.

Por su parte, Efrain Flores, genertos general de Novaris en Chile, detalló que como compario están pensando en la sociedad que los rodes y en cómo ser un aporter real al país. "Sabemos que tanto el Hogar de Cristo como Fundación La Bosas, albergan a póblación en riesgo cuya situación de vulnerabilidad ha aumentado con esta pendernia y, por ello, esque estamos con entractando con esta pendernia y, por ello, esque estamos con entractando con esta pendernia y, por ello, esque estamos con entractando con esta pendernia y, por ello, esque estamos con entractando con esta pendernia y, por ello, esque estamos con entractando con esta pendernia y, por ello, esque estamos con entractando con esta pendernia y, por ello, esque estamos con entractando con esta pendernia y, por ello, esque estamos con entractando con esta pendernia y, por ello, esque estamos con entractando con esta pendernia y, por ello, esque estamos con entractando con esta pendernia y, por ello, esque estamos con entractando con esta pendernia y, por ello, esque estamos contreta con esta pendernia y por ello, esque estamos contreta con esta pendernia y por ello, esque estamos contreta con esta pendernia y por ello, esque estamos contreta con esta pendernia y por ello, esque estamos contreta con esta pendernia y por ello, esque estamos contreta pendernia y por ello, esque estamos e
